District One
Priority Project Information Packet

Please fill out this application completely. Please ensure all attachments are LEGIBLE Applications containing insufficient information will not be reviewed by the FDOT.

Name of Applying Agency: Town of Longboat Key

Project Name: SR 789/Gulf of Mexico Drive Roundabout at Longboat Club Road

Project Category:

Congestion Management ☒ TRIP ☐ CIGP ☐

Transportation Alternative ☒ Transit/Modal ☐

For more information on State Grant Programs (CIGP, SCOP, SCRAP, TRIP) please click here.

Is applicant LAP certified? Yes ☐ No ☒

Is project on State Highway System? Yes ☒ No ☐
If the project is off the state system and the applicant is LAP certified the project will be programmed as a LAP project.

Is the roadway on the Federal Aid Eligible System? Yes ☒ No ☐
If yes, provide Federal Aid roadway number: 13080000
If no, give local jurisdiction: N/A
http://www.fdot.gov/statistics/fedaid/

Detailed Project Limits/Location:
Describe begin and end points of project, EX., from ABC Rd. to XYZ Ave. Limits **run south to north or west to east.** Include jurisdiction (city/county), project length, attach a labeled project, map.
Within the jurisdictional limits of the Town of Longboat Key Sarasota County; beginning at the northern limit 301 block of Gulf of Mexico Drive (FDOT Sta. 228) just south of the intersection of Gulf of Mexico Drive (SR789) and Longboat Club Road and extending to the northern limit (FDOT Sta. 234) the 361 block of Gulf of Mexico Drive approximately 0.075 (3/4 of a tenth) miles. See attached proposed plans cross sections labeled Attachment “A”.

Discuss how this project is consistent with the MPO/TPO Long Range Transportation Plan?
Page Number (attach page from LRTP): 2050 LRTP - Page 8, Table 7, page 23; Table 16 page 29; Table 9-1, page 9-5; Ch 11 Table 11-4 page 43-see copies in Attachment D

Discuss the project in the local jurisdiction's Capital Improvement Plan?
(Attach page from CIP): here are no funds in the Town's Capital Improvement Plan for this project. To be added in the future.

Project Description

Phase(s) requested:

Planning Study ☐ PD&E ☒ PE ☒ ROW ☐ CST ☐ CEI ☐

Project cost estimates by phase (Please include detailed cost estimate and documentation in back-up information):

Phase (PD&E, ROW, PE, CST)	Estimated Total Cost	Funds Requested	Matching Local Funds	Local Fund Source	Type of Match (Cash, in-kind)
PD&E	**900000**	**900000**			
PE	**700000**			**700000**	**700000**
OW	**200000**	**200000**			
CST	**9000000**	**9000000**			

Total Project Cost: $ 10,800,000

Project Details: Clearly describe the existing conditions and the proposed project and desired improvements in detail. Please provide studies, documentation, etc., completed to-date to support or justify the proposed improvements. Include labeled photos and maps. (Add additional pages if needed):

The project consists of constructing within the 2-lane, two-way urban collector road, a single lane roundabout at the intersection of Gulf of Mexico Drive, (SR789), and Longboat Club Rd. in the southern end of the Sarasota County portion of Gulf of Mexico Drive. Beginning at the northern limit, 361 block of Gulf of Mexico Drive, (FDOT Sta. 234) just north of the intersection of Gulf of Mexico Drive (SR789) and Longboat Club Rd.,and extending to the southern limit, (FDOT Sta. 228), the 301 block of Gulf of Mexico Drive, approximately 0.075 (3/4 of a tenth) miles. See Attachment "A".

Constructability Review

For items 2-9 provide labeled and dated photos (add additional pages if needed)

1. Discuss other projects (ex. drainage, utility, etc.) programmed (local, state or federal) within the limits of this project? N/A

2. Does the applicant have an adopted ADA transition plan? Yes ☐ No ☒

   Identify areas within the project limits that will require ADA retrofit. (Include GIS coordinates for stops and labeled photos and/or map.)

N/A

3. Is there a rail crossing along the project?
   Yes ☐ No ☒
   What is the Rail MP?
   N/A

4. Are there any transit stops/shelters/amenities within the project limits?
   Yes ☐ No ☒

   How many? Island is serviced by Breeze on Demand

   Stop ID number: N/A
5. Is the project within 10-miles of an airport? Yes ☐ No ☒

6. Coordinate with local transit and discuss improvements needed or requested for bus stops?
   (add additional pages if needed):
   No request for additional amenities.

7. Are turn lanes being added? Yes ☐ No ☒

   If yes, provide traffic counts, length, and location of involved turn lanes.
   TBD

8. Drainage structures:
   - Number of culverts or pipes currently in place: 2

   - Discuss lengths and locations of each culvert along the roadway: Approximately 250 ft. from the “box style” concrete inverts, with discharge into adjacent swales for treatment, and conveyance to existing storm water system in the FDOT Right of Way. Locations included in plans, Attachment “A”.

   - Discuss the disposition of each culvert and inlet. Which culverts are “to remain” and which are to be replaced, upgraded, or extended? Both need to be relocated, and amendments must be made to adjacent existing swale and retention/conveyance system.

   - Discuss drainage ditches to be filled in?
     (Discuss limits and quantify fill in cubic yards) N/A

   - Describe the proposed conveyances system (add additional pages if needed.)
     It is proposed that the existing stormwater swale system on west side of right-of-way will be amended for treatment of added impervious surface, and outfall to existing swale and detention system to the southern end of project limits.

- Are there any existing permitted stormwater management facilities/ponds within the project limits? Yes ☐ No ☒

- If yes, provide the location and permit number (add additional pages if needed) N/A

- Discuss proposed stormwater management permits needed for the improvements. Additional storage and treatment may need to be provided based upon added impervious surface limitations of current Southwest Florida Water Management District and /or FDEP Environmental Resource Permit requirements.

- List specific utilities within project limits and describe any potential conflicts (add additional pages if needed): Water, Waste Water, Electric Power Distribution, Natural Gas, Telephone, Fiber Optic, Cable TV, Stormwater. Conflicts TBD.

- Discuss Bridges within project limits? N/A

- Can bridges accommodate proposed improvements? Yes ☐ No ☐
  If no, what bridge improvements are proposed? (Offset and dimensions of the improvements, add additional pages if needed):
  N/A – no bridges within project limits

9. Has Right-of-way (ROW), easements, or ROW activity already been performed/acquired for the proposed improvements? If yes, please provide documentation

   Yes ☐ No ☒

   If ROW or Easements are needed detail expected area of need (acreage needed, ownership status):
   May need to secure extension of right-of-way in the northeast and southwest limits of project, but TBD.

10. Discuss required permits (ERP, Drainage, Driveway, Right of Way, etc.): Additional storage and treatment may need to be provided based upon added impervious surface limitations of current Southwest Florida Water Management District and/or FDEP Environmental Resource Permit requirements.

    If none are needed, state the qualified exemption:
    N/A

11. Are there any wetlands within the project limits? Yes ☐ No ☒

    If yes, list the type of wetlands, estimated acreage and if mitigation will be required. Please note whether the project is within the geographic service area of any approved mitigation banks. Provide any additional information:

N/A

12. Are there any federal or state listed/protected species within the project limits?
    Yes ☐ No ☒

    If yes, list the species and what, if any mitigation or coordination will be necessary: N/A

    If yes, discuss critical habitat within the project limits: N/A

13. Discuss whether any prior reviews or surveys have been completed for historical and archaeological resources (include year, project, results)
    N/A

14. Are any Recreational, historical properties or resources covered under section 4(f) property within the project limits? Yes ☐ No ☒
    (Provide details) N/A

15. Discuss whether any prior reviews or surveys have been completed for sites/facilities which may have potential contamination involvement with the proposed improvements. This should include a discussion of locations which may directly impact the project location, or be which may be exacerbated by the construction of the proposed improvements. N/A

16. Are lighting improvements requested as part of this project? Yes ☐ No ☒
    Please provide a lighting justification report for the proposed lighting.
    TBD

17. Is a mid-block crossing proposed as part of the project? Yes ☐ No ☒
    If yes, please provide the justification for mid-block crossing.
    N/A

Required Attachments

A. Detailed Project Scope with Project Location Map with sufficient level of detail (Please include typical section of proposed improvements)
B. Project Photos – dated and labeled (this is important!)
C. Detailed Cost Estimates including Pay Items
D. LRTP and Local CIP page
E. Survey/As-builts/ROW documentation/Utility/Drainage information
F. Detailed breakdown of ROW costs included in estimate (if ROW is needed/included in request or estimate)

Applicant Contact Information

Agency Name:
Mailing Address: 600 General Harris Street Longboat Key, FL 34228
Contact Name and Title: Jennifer Fehrs
Email: jfehrs@longboatkey.org **Phone: 941-316-1988**

Signature: Jennifer Fehrs Digitally signed by Jennifer Fehrs Date: 2026.11.20 09:22:39 -05'00' **Date: _____**
Your signature indicates that the information included with this application is accurate.

Maintaining Agency:
Contact Name and Title: Click here to enter text.
Email: Click here to enter text. **Phone:** Click here to enter text.

Signature: _____ Date: _____
Your signature serves as a commitment from your agency to maintain the facility requested.

MPO/TPO:
Contact Name and Title: Click here to enter text.
Email: Click here to enter text. **Phone:** Click here to enter text.

Signature: _____ Date: _____
Your signature confirms the request project is consistent with all MPO/TPO plans and documents, is eligible, and indicates MPO/TPO support for the project.

ATTACHMENT A: Attach detailed Project Scope with Project Location Map with sufficient level of detail (Please include typical section of proposed improvements)

Funding Programs

The following projects are not programmed in the FDOT 5-Year Work Program. These projects are included in the 2050 Cost Feasible Plan in one of six funding programs: capacity, intersections, resiliency, multimodal, safety, and technology. *Projects are listed in rank order (highest to lowest) based on score, by funding program.*

Capacity

NOTE: The 2050 Long Range Transportation Plan does not identify MPO discretionary funds for capacity projects.
