**CONTRACTORS MUST USE THE ATTACHED REVISED BID FORM WHEN SUBMITTING THE BID. CONTRACTORS NOT SUBMITTING THE ATTACHED REVISED BID FORM SHALL BE DEEMED AS NON-RESPONSIVE AND THE BID WILL BE REJECTED.**

---

REVISIONS:

1. Revised Bid Form;  
Item No. 102-71-13 – Temporary Barrier, F & I Low Profile, Concrete  
Quantity Column  
Summary of Changes:  
**DELETE**: 4,000 LF  
**REPLACE** with: 4,523 LF
- 

QUESTIONS:

1. We see on the pre-qual list that it states we must be prequalified in certain scopes. Is this solely the prime contractor, or can we submit our intended subcontractors prequalification list for items we do not have ourselves? I would note that none of the bidders who attended your mandatory pre bid are qualified themselves in all of these items.

**Answer: Per 14-75.003 Minimum Technical Qualifications, All personnel listed by the consultant in order to qualify for any type of work or sub-category must be bona fide employees of the firm, or under exclusive contract to the firm, must be actively engaged in the type of work for which they are listed, and must have work experience demonstrating an ability to perform the activities normally associated with the particular type of work or sub-category for which qualification is sought.**

2. Tree trimming required on this job is an as needed basis. We would not contract with a tree trimming service until on site and agreed upon what trees actually needed to be trimmed and by our site visits, it does not seem necessary at this time to create the clearance zones required. Can this qualification please be removed from the list with the intention that if tree trimming does in fact need to be performed, the contractor will hire a qualified subcontractor at the time of need?

**Answer: Per the approved plans, tree trimming will be required. A minimum clear zone width of 18' shall be maintained except at one location specified in the approved design variance for clear zone. FDOT personnel to make final decision.**
