Hi there,

I was told you're looking for input regarding TS Debby and where flooding occurred. We are at 511 Norton St and incurred more flooding damage with this storm. This is the 4th time in 3.5 years that our home has flooded, and the 3rd time in 1 year. Here are answers to the questions you provided:

1. The water was about 3" deep in the lower portion of our home.
2. 4" in the garage
3. We were out of town that week so cannot tell you how long the water was in the street but we do have frequent puddles with staying power whenever there is rain.
4. n/a
5. n/a

Thank you for your attention to LBK's flooding issues.
