[Report Suspicious](#)

1. How deep was the water in your house? N/A
2. How deep was it in your garage? NONE
3. How long was the water over the road in front of your driveway? DRIVEWAY- EVERY YEAR GETS WORSE
4. If you used sandbags or a flood barrier, and water did not enter the house, how high was the water above the level of your floors? N/A
5. If water did not enter the house or garage, how close did it get, and how deep was it in the yard at the deepest point?N/A

ALTHOUGH OUR HOME DOESN'T GET WATER INSIDE , OUR STREETS CAN FLOOD SIGNIFICANTLY DURING HEAVY RAINS. HURRICANE EVEN WORSE. THIS FLOODING CAN MAKE IT IMPOSSIBLE TO DRIVE OR LEAVE THE AREA, WHICH MEANS THAT IN CASE OF AN EMERGENCY, WE COULD BE STUCK OR STRANDED. IT'S NOT JUST ABOUT WATER IN THE HOUSE (although that is devastating itself)BUT ABOUT THE RISK OF BEING ISOLATED AND UNABLE TO GET HELP IF NEEDED.

801 MARBURY LANE
ATTACHED IS PHOTO FROM OUR WINDOW YOU CAN CLEARLY SEE THE WATER REACHED THE VERY BOTTOM OF THE TRANSFORMER. OUR BOX BY OUR NEIGHBORS IS NOT LIFTED. THE ONLY 2 ON MARBURY LANE THAT HAVE NOT BEEN REPLACED. WITH HIGHER BOX.
