Hi,
At 600 Fox St--

1. How deep was the water in your house? No water in house
2. How deep was it in your garage? There is no garage
3. How long was water over the road in front of your driveway? About 6 hrs
4. If you used sandbags or a flood barrier, and water did not enter the house, how high was the water above the level of your floors? Water did not reach the house
5. If water did not enter the house or garage, how close did it get, and how deep was it in the yard at the deepest point? Water got to within 8-10' of the house. It was about 8" deep at the street.

Thank you,
Glen Fabian
